

Mesa Biological Indicators

Liquid Submersible SCBI for Steam

SterilAmp® II is a compact, self-contained biological indicator for monitoring industrial steam sterilization of liquids in small containers. SterilAmp® II precisely integrates the process lethality.

- **48-hour results**
- Small, conveniently-shaped ampoule
- No laboratory required
- Dramatic color change
- Packaged with 10 negative controls

26mm x 6.5mm

PASS

FAIL

SterilAmp® II contains a specially formulated culture medium that turns a dramatic yellow when spores grow and provides easy visual confirmation of sterilization within 48 hours, without the need for difficult and time-consuming laboratory work.

Storage

Refrigerate at 2-8 °C.

Certification

SterilAmp® biological indicators are traceable to a recognized culture collection and certified for population, D-value, z-value, Fo value, and performance.
