

The EZTest® Biological Test Pack is a small, convenient, FDA 510(k) notified product containing EZTest® self-contained biological indicators. Designed to parallel the performance of the AAMI Test Pack, each pack includes a record card with a chemical integrator.

- FDA 510(k) notified (steam and EO)
- 24-hour results / 10-hour results (SmartRead EZTest)
- Easy to culture
- No laboratory required
- Dramatic color change
- Release loads immediately*

Storage

Store at room temperature.

Certification

EZTest® Biological Test Packs are traceable to a recognized culture collection and certified for population, and D-value, z-value (steam) and performance.
