PRODUCT CHANGE NOTIFICATION

29 September 2017

Notification ID: CN-170904

Notification Type: MagnaAmp Biological Indicator Production Relocated to a New Facility

Dear Customer,

We would like to take this opportunity to notify you of a change that will be made to the manufacturing location of Mesa Laboratories' **MagnaAmp** biological indicators. As detailed in previous notifications, Mesa Labs, Bozeman MT is relocating manufacturing operations from its current facility at 10 Evergreen Drive, Bozeman, MT 59715 to a newly constructed facility at 625 Zoot Way, Bozeman, MT 59718. **Manufacture of MagnaAmp biological indicators at the Evergreen Drive facility will cease on December 29, 2017 in order to complete validation of the product line at the Zoot Way facility.**

The MagnaAmp reorder numbers impacted by this notification are:

- MA/4
- MA/5
- MA/6
- MANC

If you require any additional lots manufactured from the Evergreen Drive facility, we encourage you to place your order as soon as possible. **Last day to order these catalog items from the Evergreen Drive facility is December 01, 2017.** Quantities may still be available for purchase after that date but these MagnaAmp catalog items will no longer be manufactured at the Evergreen Drive facility after **December 29, 2017.**

Validation activities for MagnaAmp are currently underway at the Zoot Way facility and production of MagnaAmp will resume there immediately after validations are complete. Relocation activities have been planned to not interrupt supply of MagnaAmp.

As always, if you have any questions, please contact your Mesa Laboratories Representative.

Beth Ridgeway, Director of Production
