PRODUCT CHANGE NOTIFICATION

24 January 2018

Notification ID: CN-180119

Notification Type: SterilAmpII Production Relocated to a New Facility

Dear Customer,

We would like to take this opportunity to notify you of a change that will be made to the manufacturing location of **SterilAmpII biological indicators**. As detailed in previous notifications, Mesa Labs, Bozeman MT is relocating manufacturing operations from its current facility at 10 Evergreen Drive, Bozeman, MT 59715 to a newly constructed facility at 625 Zoot Way, Bozeman, MT 59718. **Manufacture of SterilAmpII at the Evergreen Drive facility will cease on April 30, 2018 in order to complete validation of the product line at the Zoot Way facility.**

The reorder numbers impacted by this notification are:

- SA/4
- SA/5
- SA/6
- SA18/6
- SA18/NC50
- SANC
- SANC18
- SASU/6
- SASUNC

If you require any additional lots manufactured from the Evergreen Drive facility, we encourage you to place your order as soon as possible. **Last day to order this catalog item from the Evergreen Drive facility is April 13, 2018.**

Validation activities for these SterilAmpII reorder numbers are currently underway at the Zoot Way facility and production will resume there immediately after validations are complete. Relocation activities have been planned to not interrupt supply.

As always, if you have any questions, please contact your Mesa Laboratories Representative.

Beth Ridgeway, Director of Production
