

## PRODUCT CHANGE NOTIFICATION

02 February 2018

**Notification ID:** CN-180202

**Notification Type:** Apex Production Relocated to a New Facility

Dear Customer,

We would like to take this opportunity to notify you of a change that will be made to the manufacturing location of Mesa Laboratories' Apex H<sub>2</sub>O<sub>2</sub> biological indicator products. As detailed in previous notifications, Mesa Labs, Bozeman MT is relocating manufacturing operations from its current facility at 10 Evergreen Drive, Bozeman, MT 59715 to a newly constructed facility at 625 Zoot Way, Bozeman, MT 59718. **Manufacture of Apex product lines at the Evergreen Drive facility will cease on May 13, 2018 in order to complete validation of the product line at the Zoot Way facility.**

The reorder numbers impacted by this notification are:

HMV-091	GRS-090
HMV-091E3	GRS-090E/3
KCD-404	NAS-152
SBC-327	NAS-152E/3
LOG-456	BMWK-750
LAU-196	LPT-606

If you require any additional lots manufactured from the Evergreen Drive facility, we encourage you to place your order as soon as possible. **Last day to order these catalog items from the Evergreen Drive facility is May 1, 2018.** Quantities may still be available for purchase after that date but these catalog items will no longer be manufactured at the Evergreen Drive facility after **May 13, 2018.**

Validation activities for Apex product lines are currently underway at the Zoot Way facility and production will resume there immediately after validations are complete. Relocation activities have been planned to not interrupt supply.

As always, if you have any questions, please contact your Mesa Laboratories Representative.

  
Beth Ridgway, Director of Production
