

PRODUCT CHANGE NOTIFICATION

05 August 2018

Notification ID: CN-180701

Notification Type: Product Manufacturing and Labeling Change

Dear Customer,

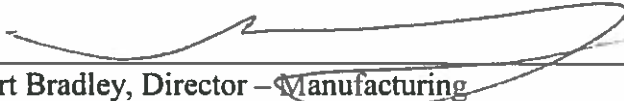

We would like to take this opportunity to notify you of a labeling change that has been made to Apex catalog numbers. This change notification applies to the following Mesa catalog numbers:

- **SBC-327** Apex Biological Indicator for Gaseous Hydrogen Peroxide *G. stearothermophilus* 12980
- **BMWK-750** Sterile Tyvek Transfer Pockets
- **LOG-456** Apex Tri-Scale Biological Indicator Log 4, Log 5, and Log 6 Discs *G. stearothermophilus* 12980
- **LAU-196** *G. stearothermophilus* 12980 Suspension
- **LPT-606** *G. stearothermophilus* 7953 Suspension

The lot numbering scheme has been changed. The change will be effective with the first lots released from our facility located at 625 Zoot Way, Bozeman MT 59718. The change has been made to align lot numbering with that of other Mesa products. Other than this change to formatting of lot numbering, the primary or secondary packaging labeling remain the same. The new schemes are as follows:

- **SBC-327** lot numbers are now AS- followed by three-digit sequentially assigned numbers. *For example, AS-123.*
- **BMWK-750** lot numbers are now AB- followed by three-digit sequentially assigned numbers. *For example, AB-123.*
- **LOG-456** lot numbers are now AP- followed by three-digit sequentially assigned numbers. *For example, AP-123.*
- **LAU-196** lot numbers are now A9- followed by three-digit sequentially assigned numbers. *For example, A9-123.*
- **LPT-606** lot numbers are now A3- followed by three-digit sequentially assigned numbers. *For example, A3-123.*

As always, if you have any questions, please contact your Mesa Laboratories Representative.
